Open call to SMEs and new entrants for industrial experiments	Digital Agenda for Europe	03 Dec 15	Applications are invited between 28 October and 3 December 2015.	Directed grants to institutions, research groups etc, Innovation grants, Academic-Industry links, Networking/collaboration	€150,000	-	-	*** The Digital Agenda for Europe will shortly be inviting applications for its second open call to SMEs and new entrants for industrial experiments. The call will open on 28 October 2015 and the closing date is 3 December 2015. The following information is subject to change. This call aims to initiate new business and innovation opportunities between SMEs and new entrants, major cyber physical system-platform providers, and competence centres. The maximum European Commission contribution for industrial experiments per applicant is €150,000. The funding rate is 70 per cent. The maximum duration of industrial experiment is 18 months. ***	https://www.eurocps.org/innovators-projects/open-calls/
H2020 ERC-2016-STG ERC starting grants	Horizon 2020: Excellent Science	17 Nov 15	Applications due by 5pm Brussels local time.	Access to laboratories, telescopes etc., Equipment and materials, Grants - undirected, Innovation grants, Networking/collaboration	€2,000,000	-	€485,000	These enable principal investigators to start their own independent research team or programme. The call budget is €485 million. Grants are worth up to €1.5m over five years, with a further €500,000 available for start-up costs, equipment purchases and access to large facilities.	http://erc.europa.eu/starting-grants
COMING SOON: H2020-MSCA-ITN-2016 Marie Skłodowska-Curie innovative training networks	Horizon 2020: Excellent Science	12 Jan 16	Proposals are invited between 15 October 2015 and 5pm Brussels time, 12 January 2016.	Financial aid for postgraduate students, Directed grants to institutions, research groups etc, Academic-Industry links, Networking/collaboration	-	-	€370,000,000	*** The European Commission Horizon 2020: Excellent Science will shortly be inviting proposals for its H2020-MSCA-ITN-2016 Marie Skłodowska-Curie innovative training networks call. The opening date will be 15 October 2015 and the closing date 12 January 2016. More information is expected to be published in the third quarter of 2015. The following information is subject to change. This call aims to raise excellence and structure research and doctoral training, extending the traditional academic research training setting, incorporating the elements of open science and equipping researchers with the right combination of research-related and transferable competencies. The living allowance annual reference rate for early stage researchers is €37,320. The allowances are subject to country correction coefficients and a funding rate of 100 per cent. Researchers in some categories will also receive a mobility allowance of €600 and a family allowance of €500. The indicative budget for this call is €370 million. ***	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/marie-sklodowska-curie-actions
COMING SOON: H2020-MSCA-NIGHT-2016 European researchers' night call	Horizon 2020: Excellent Science	13 Jan 16	Call due to open on 15 October 2015 and close by 5pm Brussels time, 13 January 2016.	Directed grants to institutions, research groups etc, Networking/collaboration	-	-	€8,000,000	*** The European Commission Horizon 2020: Excellent Science will shortly be inviting proposals for its H2020-MSCA-NIGHT-2016 European researchers' night call. The opening date will be 15 October 2015 and the closing date will be 13 January 2016. More information is expected to be published in the third quarter of 2015. The following information is subject to change. This call aims to bring researchers closer to the public and to increase awareness of research and innovation activities, with a view to supporting the public recognition of researchers, creating an understanding of the impact of researchers' work on daily life and encouraging young people to embark on scientific careers. The indicative budget for this call is €8 million. ***	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/marie-sklodowska-curie-actions
COMING SOON: H2020 ERC consolidator grants ERC-2016-CoG	Horizon 2020: Excellent Science	02 Feb 16		Access to laboratories, telescopes etc., Equipment and materials, Grants - undirected, Innovation grants, Networking/collaboration	€2,750,000	-	€605,000	*** The European Commission Horizon 2020: ERC will shortly be inviting proposals for its ERC-2016-CoG call for consolidator grants. The call will open on 15 October 2015 and the expected deadline is 2 February 2016. The following information is subject to change. These grants enable principal investigators to consolidate their own independent research team or programme. The total budget is €605 million. Grants are worth up to €2.75m over five years. ***	http://erc.europa.eu/
COMING SOON: H2020 ERC-2016-PoC ERC proof of concept grant	Horizon 2020: Excellent Science	16 Feb 16		Grants - undirected, Innovation grants	-	-	€20,000,000	*** The European Commission Horizon 2020: ERC will shortly be inviting proposals for its ERC-2016-PoC call for proof of concept grants. The call will open on 22 October 2015 and the first anticipated deadline is 16 February 2016. The following information is subject to change. These grants aim to maximise the value of ERC-funded research by funding further work to verify the innovation potential of ideas arising from the projects. The total budget for this call is €20 million and grants are worth up to €150,000 for projects with a duration of up to 18 months. ***	http://erc.europa.eu/
COMING SOON: H2020-FETFLAG-1-2016 Tackling grand interdisciplinary science and technology challenges	Horizon 2020: Excellent Science	01 Mar 16	Call expected to open on 10 November 2015 and close on 1 March 2016.	Technology innovation/development, Directed grants to institutions, research groups etc, Networking/collaboration	-	-	€9,000,000	*** The European Commission Horizon 2020: Excellent Science, under the future and emerging technologies programme, will shortly be inviting proposals for its H2020-FETFLAG-1-2016 Tackling grand interdisciplinary science and technology challenges call. The expected opening date is 10 November 2015 and the closing date is 1 March 2016. More information is expected to be published in the third quarter of 2015. The following information is subject to change. This call is a flagship call aiming at transformational impacts on science and technology and substantial benefits for European competitiveness and society. The indicative budget for this call is €9 million. ***	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/fet-flagships
COMING SOON: H2020-INFRADEV-2-2016 preparatory phase of European Strategy Forum on Research Infrastructures projects call	Horizon 2020: Excellent Science	30 Mar 16	Proposals due between 10 December 2016 and 5pm Brussels time, 30 March 2016.	Technology innovation/development, Directed grants to institutions, research groups etc, Networking/collaboration	-	-	€40,000	*** The European Commission Horizon 2020: Excellent Science will shortly be inviting proposals for its H2020-INFRADEV-2-2016 preparatory phase of ESFRI projects call. The expected opening date is 10 December 2015 and the expected closing date is 30 March 2016. More information is expected to be published in the third quarter of 2015. The following information is subject to change. This call aims to provide catalytic and leveraging support for the preparatory phase leading to the construction of new research infrastructures or major upgrades of existing ones. The indicative budget for this call is €40 million. Each successful proposal is expected to receive up to €4m, although the European Commission will also consider smaller amounts. ***	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/european-research-infrastructures-including-e-infrastructures
COMING SOON: H2020-INFRADEV-3-2016/2017 individual support to ESFRI projects and other world-class research infrastructures call	Horizon 2020: Excellent Science	30 Mar 16	Proposals due between 10 December 2015 and 5pm Brussels time, 30 March 2016.	Directed grants to institutions, research groups etc, Innovation grants, Academic-Industry links, Networking/collaboration	-	-	€70,000,000	*** The European Commission Horizon 2020: Excellent Science will shortly be inviting proposals for its H2020-INFRADEV-3-2016/2017 individual support to ESFRI projects and other world-class research infrastructures call. The expected opening date is 10 December 2015 and the expected closing date is 30 March 2016. More information is expected to be published in the third quarter of 2015. The following information is subject to change. This call aims for new pan-European infrastructures in the process to become fully operational, as financial sustainability must be proved and the trust and awareness of users must be earned. The indicative budget for this call is €30 million. Each successful proposal is expected to receive between €2 and €4m, although the European Commission will also consider smaller amounts. ***	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/european-research-infrastructures-including-e-infrastructures
COMING SOON: H2020-INFRAIA-1-2016/2017 integrating activities for advanced communities	Horizon 2020: Excellent Science	30 Mar 16		Directed grants to institutions, research groups etc, Networking/collaboration	-	-	€100,000,000	*** The European Commission Horizon 2020: Excellent Science will shortly be inviting proposals for its H2020-INFRAIA-1-2016/2017 integrating activities for advanced communities. The expected opening date is 10 December 2015 and the expected closing date is 30 March 2016. More information is expected to be published in the third quarter of 2015. The following information is subject to change. The aim of this call is to bring together, integrate on European scale, and open up key national and regional research infrastructures to all European researchers, from both academia and industry, ensuring their optimal use and joint development. The indicative budget for this call is €100 million for 2016. Each successful proposal is expected to receive up to €10m, although proposals for other amounts will also be considered. ***	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/european-research-infrastructures-including-e-infrastructures

COMING SOON: H2020-INFRA-SUPP-1-2016 policy measures for research infrastructures	Horizon 2020: Excellent Science	30 Mar 16	Proposals due by 5pm Brussels time.	Directed grants to institutions, research groups etc, Networking/collaboration	-	-	€4,500,000	The European Commission Horizon 2020: Excellent Science will shortly be inviting proposals for its H2020-INFRA-SUPP-1-2016 policy measures for research infrastructures call. The expected opening date is 10 December 2015 and the expected closing date is 30 March 2016. More information is expected to be published in the third quarter of 2015. The following information is subject to change. This call aims to reinforce ERA partnerships for excellence and growth and focuses on the effective investment and use of research infrastructures. The indicative budget for this call is €4.5 million. Each successful proposal is expected to receive up to €1.5m, although	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/european-research-infrastructures-including-e-infrastructures
COMING SOON: H2020-INFRAIA-2-2017 integrating activities for starting communities	Horizon 2020: Excellent Science	30 Mar 16	Proposals due by 5pm Brussels time.	Directed grants to institutions, research groups etc, Networking/collaboration	-	-	-	The European Commission Horizon 2020: Excellent Science will shortly be inviting proposals for its H2020-INFRAIA-2-2017. The expected opening date is 10 December 2015 and the expected closing date is 30 March 2016. More information is expected to be published in the third quarter of 2015. H2020-FTIpilot-2015 fast track to innovation pilot	Horizon 2020: Industrial Leadership	01 Dec 15	Applications due by 5pm Brussels local time. Deadlines on: 29 April 2015, 1 September 2015, 1 December 2015.	Technology innovation/development, Research calls for business, Directed grants to institutions, research groups etc, Innovation grants, Networking/collaboration	-	-	€100,000,000	This scheme will provide funding for close to market, business drive projects in any area of technology or application. The aim is to reduce time from idea to market, stimulate the participation of first-time applicants to EU research funding and increase private sector investment in research and innovation. The budget for this call in 2015 is €100 million.	http://ec.europa.eu/research/participants/portal/desktop/en/opportunities/h2020/calls/h2020-ftipilot-2015-1.html
COMING SOON: H2020-NMBP-2016 nanotechnologies, advanced materials, biotechnology and production – two stage	Horizon 2020: Industrial Leadership	08 Dec 15	First stage proposals due between 15 October and 8 December 2015; second stage proposals due by 24 May 2016.	Technology innovation/development, Directed grants to institutions, research groups etc, Innovation grants, Networking/collaboration	-	-	€174,080,000	*** The European Commission Horizon 2020: Industrial Leadership will shortly be inviting proposals, under the leadership in enabling and industrial technologies – nanotechnologies, advanced materials, advanced manufacturing and processing, and biotechnology work programme, for its H2020-NMBP-2016 nanotechnologies, advanced materials biotechnology and production call - two stage. The expected opening date of this call is 15 October and the anticipated closing date for the first stage is 8 December 2015. The following information, including which topics may be addressed in this call, is subject to change. Proposals may address a variety of topics within the area of nanotechnology, advanced materials and biotechnologies. The indicative budget for this call is €174.1 million. ***	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/nanotechnologies-advanced-materials-advanced-manufacturing-and-processing-and

Collaborative sharing of spectrum prize	Horizon 2020: Industrial Leadership	17 Dec 15	Entries are due by 5pm. An optional registration of interest is due 30 September. Submission system opens on 2 July 2015.	Prizes	€500,000	-	€500,000	This aims to tackle the expected capacity crunch of wireless networks, provide innovative solutions enabling a significant efficiency improvement, reward excellence in demonstrating innovative methods focusing on the provision of empowerment of local user communities, address the lack of demonstrated system capabilities of disruptive spectrum access and sharing methods and foster experimental R&D and early proof-of-concept development. The prize is worth €500,000.	http://ec.europa.eu/research/participants/portal/desktop/en/opportunities/h2020/topics/16083-spectrumprize-01-2015.html#tab1
COMING SOON: H2020-EUJ-2016 EU-Japan call	Horizon 2020: Industrial Leadership	19 Jan 16	Call due to open on 20 October 2015 and close on 19 January 2016.	Directed grants to institutions, research groups etc, Innovation grants, Networking/collaboration	-	-	€7,000,000	The European Commission Horizon 2020: Industrial Leadership will shortly be inviting proposals, under the leadership in enabling and industrial technologies work programme, for its H2020-EUJ-2016 EU-Japan call. The expected opening date is 20 October 2015 and the anticipated closing date is 19 January 2016. More information is expected to be published in the third quarter of 2015. The following information, including which topics may be addressed in this call, is subject to change. Proposals may address next generation communication networks, the internet of things, cloud computing and big data platforms in social application contexts and experimental testbeds on information-centric networking. The indicative budget for this call is €7 million.	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/information-and-communication-technologies
COMING SOON: H2020-EUK-2016 EU-South Korea call	Horizon 2020: Industrial Leadership	19 Jan 16	Call due to open on 20 October 2015 and close on 19 January 2016.	Technology innovation/development, Directed grants to institutions, research groups etc, Innovation grants, Networking/collaboration	-	-	€6,000,000	The European Commission Horizon 2020: Industrial Leadership will shortly be inviting proposals, under the leadership in enabling and industrial technologies work programme, for its H2020-EUK-2016 EU-South Korea call. The expected opening date is 20 October 2015 and the anticipated closing date is 19 January 2016. More information is expected to be published in the third quarter of 2015. The following information, including which topics may be addressed in this call, is subject to change. Proposals may address next generation communication networks, the internet of things joint research and federated cloud resource brokerage for mobile cloud services. The indicative budget for this call is €6 million.	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/information-and-communication-technologies
COMING SOON: H2020-ICT-2016 information and communication technologies, topic 37	Horizon 2020: Industrial Leadership	19 Jan 16	Proposals due between 20 October 2015 and 19 January 2016.	Directed grants to institutions, research groups etc, Networking/collaboration	-	-	€1,000,000	The European Commission Horizon 2020: Industrial Leadership will shortly be inviting proposals, under the leadership in enabling and industrial technologies work programme, for its H2020-ICT-2016 information and communication technologies call. The call is expected to open on 20 October 2015 and the anticipated closing date is 19 January 2016. More information is expected to be published in the third quarter of 2015. The following information, including which topics may be addressed in this call, is subject to change. Proposals may address collaborative projects with China on future internet. The indicative budget for this call is €1 million.	http://ec.europa.eu/programmes/horizon2020/en/h2020-section/information-and-communication-technologies
COMING SOON: H2020-FoF-2016 factories of the future	Horizon 2020: Industrial Leadership	21 Jan 16	Proposals due between 15 October 2015 and 21 January 2016.	Technology innovation/development, Directed grants to institutions, research groups etc, Networking/collaboration	-	-	€77,000,000	The European Commission Horizon 2020: Industrial Leadership will shortly be inviting proposals, under the leadership in enabling and industrial technologies - nanotechnologies, advanced materials, advanced manufacturing and processing, and biotechnology work programme, for its H2020-FoF-2016 factories of the future call. The call is expected to open on 15 October 2015 and the anticipated deadline is 21 January 2016. More information is expected to be published in the third quarter of 2015.
